**Mawson C. Sabin Died as Result of a
Shock.**

Mawson C. Sabin died at the home of
his son-in-law, P. H. Benjamin, in South
Woodbury, Sunday morning from the ef-
fects of a shock sustained two weeks
ago. He had been in declining health for
over a year and was confined to the
house and to his bed much of last fall.
He was the son of Peter and Ellen Sabin
and passed his whole life on the farm
where he was born nearly 60 years ago,
with the exception of the last few weeks,
when he moved to the village, as his
son-in-law engaged in trade there. He
was a successful, industrious farmer. He
leaves a wife, two daughters, Mrs. E. M.
Daniels, and Mrs. B. H. Benjamin, and
two grandsons. Funeral services were
held from his late home on Tuesday
at one o'clock, the Rev. S. G. Lewis offi-
ciating.

in Westport, N. Y. At an early age he
began work as cabin boy on Lake Cham-
plain when that was the principal mode
of transportation, and finally rose to the
rank of captain, a position he held until
he retired from the lake service late in
the sixties. He then purchased the farm
on North street where he resided until
his death. He is survived by one daugh-
ter, Mrs. Henry Brush of that town. The
funeral was held at his late home today
at one o'clock, after which the remains
were taken to Westport for burial by the
side of his wife who died in 1899.**

HOUSE 117 YEARS OLD.
Hinesburgh Boasts of a Very Old Build-
ing.

Hinesburgh, Feb. 13.—The oldest house
in town belongs to E. L. Douglas and is
occupied by F. B. Dow. It was the first
frame house in the village, and was
built in 1790. At that time the village
consisted of a few log cabins. Through
all the changes of over a hundred
years this old house has remained
practically as first built, and is still a
very comfortable habitation.

cause was stone in the bladder and gravel
in the kidneys. After using Dr. David

NATIVE OF TUNBRIDGE.
George W. Noyes Observes His 80th
Birthday.

West Derry, N. H., Feb. 12.—George
W. Noyes passed the eightieth anni-
versary of his birth at his home on
North avenue yesterday. Mr. Noyes is
in remarkably good health and spirits
and feels as well as he did twenty
years ago.

Mr. Noyes was born in Tunbridge,
Vt., Feb. 11, 1827. He was one of a
family of seven children, three daugh-
ters and four sons. He is the only one
living today. His father's name was
John Noyes, and his mother's Abigail
(Moody) Noyes. Mr. Noyes married
for his first wife, Melitah (Fellows)
Cook, the widow of the Rev. Israel
Cook, a Freeville Baptist minister. She
was a native of Vermont, but lived at
the time of her marriage in Salem. Mr.
and Mrs. Noyes lived in Salem about
twenty years, and then moved to
Derry and lived on the Massachusetts
road a short distance from here. She
died about five years ago.

On Oct. 12, 1904, Mr. Noyes married
for his second wife, Mrs. Hannah
Frances Adams, a daughter of the late
Alvin Adams of District No. 8, Derry.
They lived a year in a leased house on
Broadway and then Mr. Noyes pur-
chased their present home on North avenue.
There they have a small amount of land
and Mr. Noyes has a fine garden each
summer.

Mr. Noyes has not been sick to re-
quire the services of a doctor since 1880
until the present winter. Five or six
weeks ago he had an attack of pneu-
monia and was quite sick and under
Dr. S. J. Cogswell's care for a few
weeks. He is now quite well again.

IN BOSTON MARKETS.
Butter Market is Steady, While Eggs
Have an Easier Tendency.

Boston, Feb. 13.—The local butter
market is steady and unchanged. Fresh
creamery stock, when strictly fancy, has
a moderate sale at 31c, but most lots

is scarce and firm. Storage goods are
clearing up well and fine box butter is
in fair demand. Cheese is firm with a
fair business in progress. The egg mar-
ket has an easier tendency. Receipts
and invoices are small and a good deal
of stock is held off the market by ship-
pers' restrictions, but the offerings are
large enough for current wants.

WOMEN SUFFRAGISTS, AWAKE!
The "Cause" Making Less Progress in
United States Than Elsewhere.

Chicago, Feb. 12.—The Rev. Anna
Shaw, president of the American Women's
Suffrage association, which will
hold its annual convention in Chicago
this week, declared Monday that the suf-
frage cause had made less progress in
America during the last few years than
in other enlightened countries.

"Even in Syria," said she, "at the foot
of Mount Ararat, the people are awak-
ening to the importance of the woman's
suffrage movement. All over the world
this has been one of the most promising
years, but, curiously enough, the least
progress has been made in America."

The convention will open on Thursday
and remain in session for five days.

A Valuable Lesson.
"Six years ago I learned a valuable
lesson," writes John Pleasant of Mag-
nolia, Ind. "I then began taking Dr.
King's New Life Pills and the longer I
take them the better I find them. I
praise them everywhere. Guaranteed at Red
Cross Pharmacy. 25c."

ANOTHER WONDER OF SCIENCE.

**Biology has Proved that Dandruff is
Caused by a Germ.**

Science is doing wonders these days in
medicine as well as in mechanics. Since
Adam lived, the human race has been
troubled with dandruff, for which no hair
preparation has heretofore proved a suc-
cessful cure until Newbore's Herpicide was
put on the market. It is a scientific prepa-
ration that kills the germ that makes
dandruff or scurf by digging into the
scalp to get at the root of the hair, where
it asps the vitality; causing itching scalp,
falling hair, and finally baldness. With-
out dandruff hair must grow luxuriantly.
It is the only destroyer of dandruff.
Sold by leading druggists. Send 10c
in stamps for sample to The Herpicide
Co., Detroit, Mich.
